**FINDING YOUR HELL YES**

You have so many decisions to make in your career. Should you take that assignment or not? Should you speak up in this meeting or not? Should you talk to your boss about your idea or not?

Clarity is key in decision-making. Without clarity, you say yes when you should say no. You burn out quicker. You find yourself halfway down the path of your career wondering how in the world you got there.

Learn to get clarity so your decisions lead you away from confusion & missed opportunities toward your confident hell yes.
