**Human Resources - Updates from Rebecca Carroll, AVP, are as follows:**
- **Professional Development Calendar**

  - Lists development opportunities across campus
- **TAP Deadline**
  - November 13, 2020
- **Administrative Support Study**
○ Ensure accurate position descriptions, organizational structures, and clear reporting structures
○ Report from Segal available by end of January

● Performance Evaluations
○ Campus communication to go out mid-December, forms available first week of January
○ Evaluation period is January 1, 2020 - December 31, 2020

● HR Metrics
○ Received for Spring semester
  ■ 192 Total Employee Accommodation Requests (ADA)
  ■ 154 Total Flextime / Telework Requests
○ HR Ticketing System for Month of September
  ■ 2,330 new tickets created
    • 2,077 solved
    • Overall satisfaction rating = 98.1%

● Questions
○ Question: Why is the evaluation period on the calendar year versus the fiscal year?
  ■ Answer: We have tried both approaches, but best practice in the university system is to go under calendar year. Evaluations running on the fiscal year period doesn’t work well due to the timing requirements necessary during those years where we do receive merit increases.
○ Question: Will the circumstances of a wildly different 2020 be taken into consideration for performance evaluations?
  ■ Answer: HR encourages that employees have that dialogue with their supervisor. There are a vast amount of development opportunities available on our online platform.
○ Question: For individuals that are having to complete the surveys about the marketing and financial positions, does the survey save answers or does it have to be completed in one sitting?
  ■ Answer: Rebecca instructs anyone with questions regarding these surveys to reach out to Katie Edwards and Vickie Shaw for more detailed information.
○ Question: Could we have clarification regarding “volunteering” for commencement and if employees end up being forced to participate? Some have expressed concerns about their personal health or traveling back to their elderly family members after having participated in the large event.
  ■ Answer: Rebecca encourages any staff with concerns to have open conversations within their division. Anyone that is concerned for their personal safety should reach out to HR and complete an ADA accommodation request. Individual situations can be addressed as they occur. Employees instructed to submit an HR ticket to find out their individual options.
○ Question: Could you speak to the overall plan to telework requests and continuation into 2021?
  ■ Answer: Employees are asked to familiarize themselves with the telework policy. There is an expectation that employees return to campus to support student success and engagement. Under existing policy, telework is not guaranteed for employees. In addition, a previously approved request does not guarantee that subsequent requests will also be approved. Telework agreements are completed in 90 day increments and are reviewed and reassessed for renewal.

This concluded updates from Human Resources.
