- **Budget**
  - The budget has gone to the Georgia House of Representatives and the Senate for review. The Senate version has been returned, while the House version is still pending.
  - The Senate version was returned with a 10.8% reduction ($15.6M) opposed to the original 14% ($19.9M) reduction request. This is a $4.26M savings over the original plan.
  - This may reduce or eliminate furlough days. Furlough days may be revisited.
  - The impact to vacancies will be determined and communicated next week.
  - Several components were not approved for funding. They are as follows:
    - 1.2% growth which amounts to $77M.
    - Increases to employee healthcare coverage.
    - Merit pay increases for salaries above $40k.

- **Small Capital Projects (less than $5M)**
  - Funding was received for 2 small capital projects. $3M for the Williams Center (Statesboro) and $2.5M of the needed $4.5 for the Memorial College Center (Armstrong). USG is anticipating for the House to match the Senate on the MCC project.

- **Voluntary Separation Plan**
  - Information on Early Retirement Incentives will be available from HR next week.

- **Cares Act**
  - All of the $11.3M for student support has been distributed except approximately $100,000 which is targeted for students enrolled in Summer B.
  - Of the remaining $11.3M for institutional support, $10.7M will be refunded to Housing, Dining, and mandatory fees. The balance of approximately $600,000 will be refunded to the USG for P3 housing on the Armstrong Campus.

- **Enrollment**
  - Headcount is flat from last Summer. The numbers show a 3.85% increase in credit hours.
• Indicators for Fall show that enrollment looks good right now. SOAR reservations and housing applications are up. We won’t know until we see the students’ reactions to the Reopen Plans. The goal is to be flat at 26,054 enrolled.

• Initial Return to Campus Plan
  • The Initial Return to Campus Plan is underway. We are now in Phase 2. We’ve received the first wave of safety equipment.
  • Phase 3 is from July 20th thru August 1st with the goal to be fully opened and prepared for the first day of classes on August 17th.
  • Supervisors should be working with their staff for rotating shifts, teleworking, and flexible scheduling.

• Full Return to Campus Plan (288 page document)
  • The full plan was sent out via email yesterday. Everyone is encouraged to read it.
  • The document is the framework and is expected to be modified and improved with input from staff.
  • The HR FAQ pages are constantly being updated with new information.

• Inclusive Excellence Action Plan
  • Dr. Wilson is working on the IE Action Plan. A draft has been shared with the Cabinet. It will also be reviewed by HR, PDAC, Faculty Senate, and Staff Council. Training will be the key to accomplishing our goals. IE will be embedded in SOAR, FYE, academic curriculum, and staff and faculty training.
  • The plan has 4 major goals:
    ■ Create an equitable and inclusive environment for all,
    ■ Increase representation of diverse students, faculty, staff, and community partners at all levels of the University,
    ■ Facilitate access to achievement, success, and recognition for underrepresented students, staff, and faculty, and
    ■ Implement strong, genuine, consistently inclusive practices that reinforces the Strategic Plan and Inclusive Excellence.

• Comprehensive Policy Review
  • The USG has asked for a committee to review all of the names of buildings on all USG campuses and make recommendations to remove the names that do not align with the values of USG.
  • Dr. Marerro praised the leaders in the Systems Office for taking this “big step and having the courage to move forward”.
