- Salary equity letters have been sent out. The purpose of this initiative is to get all GSU employees to the entry point of their respective pay bands. As a reminder, pay bands are based on job title only, however, if an individual feels there is a need for re-evaluation they’ve been asked to work through their supervisors to get this on human resource’s radar.
  - Dr. Marrero solicited for feedback from the staff council.

- New Budget process, Aug. 1 – any initiatives will be shared, transparent, and communicated throughout all levels of the organization. Initiatives will be outlined and identified by unit and shared with the organization. These budget requests will be due to the USG the 3rd week of October. Approval of budget is expected at the end of March or April (when the legislative session ends).
  - New budget process will start Aug. 1 - Aug. 31st. Every department/unit both academic and non-academic will work with their leadership on a needs assessment.
